

## SPOTLIGHT

### High Solids Floor Finish

### High Gloss High Solids Floor Finish

Spotlight is a leading edge formulation of new generation crosslinked polymers which safely seals and protects resilient floor surfaces.

It is slip resistant and resists scuffing and heel marks.

High solids formula dries to a beautiful high gloss and exceptional endurance.

Can be high speed burnished or Spray buffed for regular maintenance.

Part No: 314475

### Directions:

Clean and strip the floor, let the floor dry completely before waxing. Pour Spotlight straight into a clean dry mop bucket. Apply a thin, even coat using a clean, damp rayon mop or applicator. Allow wax coat to dry completely before applying the next layer. Repeat steps 3 and 4 until desired gloss is achieved.

### Benefits:

- Delivers a high-gloss finish with moderate maintenance
- Floor retains gloss and clarity longer between periodic polishing
- Provides maximum protection against scuff marks, water spots, and black heel marks
- High-solids formula reduces cost, time, and labor associated with periodic recoats
