

CONCENTRATED DEGREASER & CLEANER

MAXX is a concentrated and unique formula that incorporates a new generation surfactant system that effectively cleans and degreases even at extremely high dilution ratios. Formulated for versatility where multiple job performance is needed and a single product is required. MAXX contains no acids. It contains a blend of high tech chelating agents which makes it effective when used in hard or soft, hot or cold water. Also, it's biodegradable and free rinsing.

Dilutions:

- Light Duty 1:64
- Medium Duty 1:32
- Heavy Duty 1:10

Directions:

Apply solution to surface, when possible allow a short time for soil penetration. For painted surfaces test in an inconspicuous area when using for the first time.

Contact your Zenex representative for further information.

Recommended Uses:

For use in automatic floor scrubbers, steam cleaning units, mop, buckets dip tank cleaners and trigger sprayers to clean where mild cleaners fail and harsh caustics may do damage. MAXX is designed for cleaning equipment, parts, tools, walls, floors and a whole lot more.
